

***Mission Statement for the Chapter 22 Sewer Standards Committee
(An ad hoc committee formed by the Public Works Department at the direction
of the Board of Supervisors of Franklin County, Virginia)***

The following mission statement was adopted to guide the work of the Chapter 22 Sewer Standards Committee, chaired by David Vogel song, P.E., Utilities Director, at its meeting held on March 22, 2006 in the County Administrator's Conference Room, Rocky Mount, Virginia. Moved by Dan Early, P.E., seconded by Mike Lynn, all voting aye.

“Develop code and policy to set standards that supplement existing local and State regulations for wastewater collection, treatment and disposal. This would include (but not be limited to) the following:

1. Establish criteria that ensure protection of the environment and public health and surrounding land uses.
2. Develop institutional arrangements that provide monitoring and enforcement of the wastewater treatment facility's performance.
3. Establish fiscal responsibility for long-term maintenance and operation of wastewater treatment facilities.
4. Establish criteria that define procedures that must be followed for the implementation and maintenance of privately owned wastewater treatment facilities.”
